

PROPERTY GUARDIANS

At DEX Property Management, we offer a wide range of low cost living accommodations across London and the UK to key workers, young professionals and responsible people in employment .

What is Property Guardianship?

Our concept is simple - we take on empty properties and regeneration projects in great locations on behalf of property owners and convert them into unique habitable living spaces. We then make these spaces available for people to live in, on a flexible basis, in exchange for a low monthly fee and help looking after the property.

This is called Property Guardianship.

Why be a Property Guardian?

- 1) Save ££ - The monthly cost to you is less than private rental market prices.
- 2) Location - You can live in great prime locations at reduced rates.
- 3) Flexible - To move it's just 28 days notice, rather than long private contracts.
- 4) Community - You become part of a Guardian network, meeting new people.
- 5) Reward - Help your local area by preventing buildings from becoming run down.
- 6) Network - We can relocate you to our other Guardian properties if you require.

As one of the UK's leading providers of Property Guardians, DEX Property Management prides itself on the quality of its Guardians.

What being a DEX Guardian means:

Becoming a DEX Guardian means you will be trusted to look after your chosen property with care and respect at all times.

Property Guardianship provides you with the opportunity to choose a living space from a wide variety of buildings that would otherwise be empty. In return, simply by living there, you secure the property for the owner, giving them peace of mind.

If any problems arise, you report them to us, and we ensure they're sorted out promptly.

Guardians are placed in living spaces in a living space on a temporary License Agreement NOT an Assured Shorthold Tenancy (A.S.T). This means there are no long term contracts, and only short 28 day notice periods when you need to move.
